The University of Nebraska defines the following student information as public directory information:

Student name, local address, permanent address, telephone listings, year at the University (Fr, So, Jr, Sr, etc.), dates of attendance, academic college and major field of study, enrollment status, (e.g. undergraduate or graduate; full-time or part-time), participation in officially recognized activities and sports, degrees, honors and awards received and most recent educational agency or institution attended.

Directory information may be available to the public upon request and may be included in student directories published electronically. However, students have the right to have directory information withheld from the public, if they so desire.
